

# Cotton Candy Factory

# UDC

[www.udc.co.uk](http://www.udc.co.uk)

The Cotton Candy Factory consistently produces the finest quality, fresh, non-sticky, candy floss - whilst returning the highest profit margin of any vending machine - just add sugar and paper sticks.

Using safe hollow paper sticks, along with standard granulated table sugar. You can add flossine for colour and/or flavour to the mix if desired, it's up to you.

Featuring an automatic cleaning system, climate control and a stainless steel interior. Designed to work without any water, unlike competing products, so there are no pumps to fail or lines to go dry. The spin head operates at lower heat and speed than other machines resulting in reduced wear and tear for greater reliability.

Perfect for FECs, cinemas, bowling alleys, waiting rooms, airports, motorway rest stops. For indoor use only.

Includes multi-coin mechanism as standard, suitable for card/swipe operation. Programmable for any price per vend.

*Made fresh every  
time, ready in  
under 60 secs!*
