E-Claw Cosmic Crane

Single Player crane for large prizes. Featuring world leading mechanism utilising patented digital linear motor technology, sophisticated sensors and intelligent control system for extreme reliability and smooth operation.

The E-Claw Cosmic Crane is one of the best performing cranes in the world, consistently earning significantly more income than rival machines.

Featuring environmentally friendly RGB LED lighting to produce literally thousands of colour combinations.

An internal storage drawer provides space to store toys for topping up prizes. The advanced intelligent control system enables operators to accurately program the strength of the claw.
