# Hitty Mouse

Our most popular kiddie 'whacking' game in a two player back to back cabinet.

The two player positions operate independently, each with their own multi-coin mechanism and their own ticket dispensers.

The low playfield height is designed so that even younger children can play, either on their own or alongside siblings or adults.

Players can choose to play head-to-head if they start at the same time. Or, if someone is already playing one position another player can play independently without interrupting the existing player.

Featuring an electrically driven system with no need for an air compressor. This vastly increases the reliability of the machine which reduces down-time.

width	100 cm	39 inches
depth	110 cm	43 inches
height	156 cm	62 inches
