Parkour Motor 2 DX, a thrilling racing game that lets you choose from 4 different bikes and race through various environments, such as city streets and desert roads. You can experience the sensation of riding a bike with the Motion Base feature, which tilts and shakes the the bike as you ride!

Lean the bike left and right to steer, Twist the accelerator and pull the brake lever to control your speed. Feel the wind in your face as you accelerate and use the Nitrous button to boost your speed.

Challenge a friend in 2 player mode, where you can see each other's selfies displayed on screen thanks to the camera that takes your picture at the start of the game (this feature can be disabled if desired).

Compete for the top spot on the leaderboard and show off your skills. Along the way, you can collect Power-Ups that give you an edge over your rivals. Watch out for the obstacles that will slow you down!

Operator adjustable settings. Optional ticket payout.
