1 to 4 Stations

Multimedia

Turning redemption tickets into printed receipts and prizes couldn't be easier than with the help of the Ticket Station. The small footprint Compact Ticket Station features 2 ticket readers that print out a secure receipt allowing 2 customers to use at once.

The Expandable Ticket Station features 1 ticket reader as standard and can be upgraded to 2, 3 or 4 readers with the addition of 'Ticket Doors' that can be installed inside the cabinet. Integrated video screens are available on the Multimedia model that can display instructions, promotional materials and advertisements.
